

Key Features

- **Stainless steel construction resists corrosion**
- **Protects environment from vacuum pump exhaust**
- **Drain plug for recovering pump fluids**
- **Simple disassembly and cleaning**

The MIDI-MIST™ oil mist eliminator's coalescing filter element is housed in a stainless steel screen container. The microfiberglass sheets, supported by polyester media on the up and downstream sides, provide extremely fine mechanical filtration. Since coalescing filters do not absorb oil, they only need changing if the pump exhaust contains particulate contamination. When the pump oil is particulate-free, you may only have to change filters once a year.

Select the MIDI-MIST™ oil mist eliminator that best matches your vacuum pump: MIDI-MIST™ 4 fits pumps with inlet ports to 1.5" diameter; MIDI-MIST™ 8 works with pumps with inlet ports up to 2" diameter. When selecting any MV Products' oil mist eliminator, it is best to choose one with an inlet port size that matches the exhaust port of the pump. In any installation, the mist eliminator port should never be less than one half the diameter of the pump inlet port.

SPECIFICATIONS

Construction	Stainless steel
Connectors	360300 25mm flange on pump side, 1" hose termination on exhaust port 360200 40mm flange on pump side, 1 1/2" hose termination on exhaust port
Filters	Pleated low-resistance microfiberglass replaceable filter elements

Dimensions

360300	Diameter: 4" (102 mm) Overall height: 7.85" (199 mm) Weight: 3 lbs (1.4 kg)
360200	Diameter: 8" (203 mm) Overall height: 9.95" (252 mm) Weight: 10 lbs (4.5 kg)

ORDERING INFORMATION

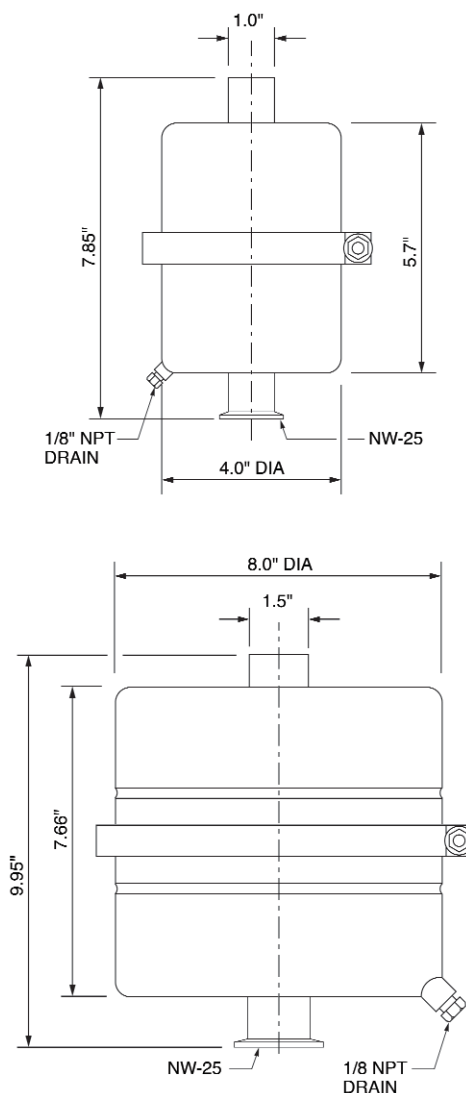

Description	Part Number 4" Midi-Mist	Part Number 8" Midi-Mist
MIDI-MIST oil mist eliminator	360300	360200
4" model includes one microfiberglass coalescing filter element		
8" model includes 3 filter elements		
Accessories		
NW 25 x 3/4" pump adapter	301025	—
Pump exhaust adapter to NW 25 (Specify the pump manufacturer and model number)	301110*	—
NW 25 to Welch Model 1402	301112	—
NW 25 to Welch Model 1397	301111	—
NW 25 clamp	301225	—
NW 25 centering ring	301325	—
NW 25 Macrovac 90° elbow	301425	—
NW 25 spare O-ring	301525	—
NW 40 x 3/4" pump adapter	—	301040
Pump exhaust adapter to NW 40 (Specify the pump manufacturer and model number)	—	301115*
NW 40 to Welch Model 1402	—	301114
NW 40 to Welch Model 1397	—	301113
NW 40 clamp	—	301240
NW 40 centering ring	—	301340
NW 40 Macrovac 90° elbow	—	301440
NW 40 spare O-ring	—	301540

Spare Parts

Microfiberglass coalescing filter element (Quantity discounts for 10 or emore)	360915	360915
O-ring	331003	341005

* Check with factory for correct part number and price for specific pump models.
